Artificial Intelligence (AI): Machine learning, generative AI

Development: Python, JavaScript, HTML/CSS, Git

Data & Analytics: Tableau, Power BI, SQL, Advanced Excel, VBA

PROJECT EXPERIENCE

Product Designer & Developer

May 2026 – Present

AI-Assisted Personal Operating System | Individual Project

- Accelerated feature development by ~8x by orchestrating Codex and Claude Code across smaller parallel tasks
- Applied spec-driven development to convert product goals into technical specifications and testable implementation plans
- Integrated and tested AI-generated code across multiple workstreams to maintain consistent system functionality

Product Designer & Developer

Oct 2025 – Present

AI-Assisted Language-Learning Platform | Individual Project

- Accelerated development by ~4x using Codex and Claude Code to build and test features in JavaScript and HTML/CSS
- Translated product ideas and user flows into AI technical prompts, requirements, and unique specifications
- Iterated on AI-generated code through detailed review, debugging, and testing to improve functionality and user experience

EXPERIENCE

Spanish Teacher

Apr 2026 – Present

Missionary Training Center, Provo, UT

- Created a centralized planning document to cut class preparation time by 50%
- Built an automated performance tracker using Excel to identify the specific needs of struggling students efficiently
- Taught Spanish to groups of 10+ students; 30% of supported students received intermediate fluency scores in 6 weeks

Online Spanish Tutor

Sep 2024 – Apr 2026

BYU Continuing Education, Provo, UT

- Built and deployed an AI-powered assistant to increase tutor productivity by 50% among a team of 10 tutors
- Leveraged CRM systems to manage student data and provide oral and written communication with 100+ parents
- Trained and onboarded a team of 5 tutors, led weekly team meetings, and contributed to improving hiring processes
- Delivered personalized Spanish instruction to 100+ students, adapting learning strategies specific to students' needs

Volunteer Representative

Jul 2022 – Jul 2024

The Church of Jesus Christ of Latter-day Saints, St. George, UT

- Oversaw 50+ peer volunteers, conducting trainings, leading group meetings, and providing individualized mentoring
- Leveraged performance data daily to track progress, identify trends, and drive improvements across a team of 50+ peers

OTHER SKILLS AND ACHIEVEMENTS

- Languages: Fluent in English and Spanish; currently studying Portuguese and ASL
- Music: Piano, drums, and guitar; performed as a drummer and pianist in a local band and for community events
- Interests: Baseball, basketball, group sports/games, music, movies/shows, languages, and technology
